Get started today!

Digital Branding

Sensi™ smart thermostats keep you connected to your customers.

In-thermostat branding

Display your company name on the sleep screen with Sensi Touch and Sensi Touch 2 smart thermostats.

In-app branding

Customers can access your contact information with a simple click in the Sensi app.

In-email branding

Customers receive smart alerts and service reminders via email.

Printed Branding

Create a custom preview of your thermostat & order from your distributor when ready.

Your company logo

Your full-color logo makes you the go-to choice when customers need you most.

Add your contact info

Make it easy for customers to reach you by adding your company name and phone number.

Easy as 1, 2, 3

Select a model. Create your design. Order from distributor.

Frequently Asked Questions

- **How do I get started?** Visit **procontractorbranding.com**. You can create both your digital branding profile and custom thermostat design for each model you order.
- Can I add both my logo and contact information? Only the Sensi™ smart thermostat and 80 Series™ can show both logo and text. Other models can display either logo or text.
- **Is it free?** The design and printing are free. You just pay for the thermostats.
- **How long does it take?** Most orders are processed in nine business days and ship for free directly to your distributor for pickup.
- Is there a minimum order? There's a minimum order of 12 thermostats when placing an order. They must be the same model.
